gear up 2017 - 2024 kentucky

GEAR UP stands for Gaining Early Awareness and Readiness for Undergraduate Programs. GEAR UP is a grant program funded by the U.S. Department of Education that helps low-income students and their families understand how to plan, apply, and pay for college.

In April 2017, the Kentucky Council on Postsecondary Education applied for its fourth GEAR UP Kentucky (GUK) state grant. Services are strategically aligned to the **Four Pillars of Student Success**, a theoretical framework designed to engage, develop, and mobilize students and their key influencers: Self, Family, Institutions, and Community/Peers.

Because GEAR UP Kentucky seeks to build a sustainable college-going culture in the school community as a whole, the project will provide three types of services:

- Direct Services for Students & Parents
- School Support Services
- Community & Statewide Services

GEAR UP Kentucky will use a cohort/priority model of service delivery which includes: (a) a Full Service Cohort model serving two successive cohorts of students beginning in the 7th grade (fall 2018, fall 2019) and continuing through 12th grade; and (b) a Priority Student Cohort model serving six successive cohorts of high school seniors and college freshmen (fall 2017-2022). Within this model, GUK will serve a minimum of 10,000 students in seven cohorts over the project period.
